Cancelling a course before enrolment

We strongly recommend that students take out insurance before travel in case of cancellation due to travel disruption, medical issues or other emergency situations. Student Insurance Policies may refund tuition fees if a student has to go home early for a medical or other serious reason. Please read all policy details carefully.

The school must be notified of any cancellations at least 4 weeks before the start of the course before any refunds will be considered. If the school is not notified in the expected time period, the cost of 4 weeks of tuition will be deducted from any agreed refunds. Any special promotional offers will become null and void.

The registration fee and the first 4 weeks accommodation and booking fees are non-refundable under any circumstances.

The school has the right to ask for documentary evidence before issuing a refund, such as a visa refusal letter, medical reports or other relevant documentation resulting in the need for cancellation
